Dragon Naturally Speaking Medical 10 equally suited for individual practitioners and large hospitals. THE MOST ACCURATE DRAGON NATURALLY SPEAKING EVER! Voice Recognition software has finally reached maturity.

Key Benefits FASTER THAN TYPING! Voice Recognition software

Most people speak over 120 words per minute, but type less than 40 words a minute. That means you can create letters and e-mails about three times faster with Dragon Naturally Speaking! MORE ACCURATE THAN EVER BEFORE!

With up to 99% accuracy, Dragon Naturally Speaking 8 is typically more accurate than typing. Build custom vocabularies for your topics and attain even higher accuracy. EASY TO USE!

Simply install the Dragon Naturally Speaking CD, and in just a few minutes, you'll be dictating letters, e-mails and surfing the web by voice! We even include a noise-canceling microphone. WORKS WITH THE PROGRAMS YOU USE! Using Dragon Naturally Speaking, you can dictate, edit and control applications all by voice in Microsoft® Office®, Corel® WordPerfect®, Lotus Notes® and any other Windows®- based application. NETWORK READY!

Use Dragon Naturally Speaking from any PC on your organization's network. MOBILE

Be productive on-the-go! Import recordings from any Nuance-certified handheld recorder for automatic transcription and have a third party editor quickly and easily make corrections. Voice Recognition software is ready for prime time. USE A PC HANDS FREE

Dragon Naturally Speaking is Section 508 certified to give people with disabilities hands-free use of the PC. The ideal tool to assist people with repetitive stress injuries, like carpal tunnel syndrome.
