\$299Dragon Naturally Speaking 10 will save you and your organization time and money because it empowers anyone to create documents over three times faster than typing. It also protects against repetitive stress injuries (i.e. Carpal Tunnel) that result in lost productivity, higher workers compensation premiums and higher labor costs. The accuracy, performance and ease-of-use and Dragon Naturally Speaking Professional 10 makes it the ideal solution for busy corporate professionals. You and your employees can use Dragon Naturally Speaking Professional to create documents and email messages, write reports and complete forms, all by using this voice recognition software. Dragon Naturally Speaking is compatible with all Microsoft Office applications: Word, Excel, Outlook and PowerPoint as well as Corel WordPerfect. In fact, Dragon Naturally Speaking Professional 10 works with almost any Windows application, enabling you to leverage the power of voice recognition software and multiple applications.

Key BenefitsKey Benefits

- FASTER THAN TYPING! with Voice Recognition Software

Most people speak over 120 words per minute, but type less than 40 words a minute. That means you can create letters and e-mails about three times faster with Dragon Naturally Speaking!

- MORE ACCURATE THAN EVER BEFORE!

With up to 99% accuracy, Dragon Naturally Speaking 10 is typically more accurate than typing. Build custom vocabularies for your topics and attain even higher accuracy. Voice Recognition Software is now ready for Primetime.

- EASY TO USE!

Simply install the Dragon Naturally Speaking CD, and in just a few minutes, you'll be dictating letters, e-mails and surfing the web by voice! We even include a noise-canceling microphone.

- WORKS WITH THE PROGRAMS YOU USE!

Dictate, edit and control applications all by voice in Microsoft® Office®, Corel® WordPerfect®, Lotus Notes® and any other Windows®- based application. Voice Recognition Software controls it all.

- NETWORK READY!

Use Dragon Naturally Speaking from any PC on your organization's network.

- MOBILE

Be productive on-the-go! Import recordings from any Nuance-certified handheld recorder for automatic transcription and have a third party editor quickly and easily make corrections.

- USE A PC HANDS FREE

Dragon Naturally Speaking is Section 508 certified to give people with disabilities hands-free use of the PC. The ideal tool to assist people with repetitive stress injuries, like carpal tunnel syndrome. Voice recognition software frees up your hands.
